
CORPORATE POLITICAL CONTRIBUTIONS REPORT

Reporting Period: July 1, 2022 – December 31, 2022

The success of Constellation Energy Corporation (“Constellation”) depends, in part, on sound public policies at the national, state, and local levels. Corporate political contributions are made to candidates, political parties, and political action committees in furtherance of public policies that are based on sound science and support Constellation’s goals of maintaining affordable, reliable, and clean energy for our customers and communities. Consistent with our commitment to ethical business conduct, corporate political spending reflects Constellation’s interests and is not based on the personal interests of any of our individual officers, directors, or employees. Furthermore, no contributions are given in anticipation of, in recognition of, or in return for, any official act.

This report includes a listing of political contributions made by Constellation and/or its subsidiaries for the above noted reporting period. Specifically, this report includes:

- **All corporate contributions** to candidates for political office, political parties, or political action committees (PACs)
- **All corporate contributions** to entities organized and operating under 26 U.S.C. Section §501(c)(4) or §527

Constellation and its subsidiaries comply with all federal, state, and local laws, including reporting requirements governing corporate political contributions. Federal law prohibits corporations from making contributions to candidates for federal office. State and local laws dictate the conditions under which corporate political contributions can be made.

Political Action Committees (PACs)

Constellation has a bipartisan PAC that is funded solely through voluntary employee contributions. The PAC offers eligible employees a direct means to voluntarily participate in shaping public policy and expressing views on issues related to our business. Constellation provides limited administrative support to the PAC. Additional information regarding PACs is available on the website of the Federal Election Commission at www.fec.gov.

The disclosures in this report *do NOT include* contributions made by Constellation’s PAC.
