# Course Details

Welcome to the Supplier Onboarding and Registration (for Suppliers) course!

This course provides information on the supplier registration process. It will guide you on the Save for Later email notification and the process of receiving Supplier Portal access.

It will take approximately 45 minutes to complete this course.

# Course Objectives

At the end of this course, you will be able to:

- Provide an overview of the supplier registration process
- Request for approval of registration
- List the steps to access the Supplier Portal

# Key Terms

The key terms used in this course are listed below:

Key Term	Description
Alternate Name	Alternate Name is an additional identifier information that can be used to identify the supplier.
Business Classification	Business Classification is a categorization of suppliers based on their characteristics, such as race, gender, sexual orientation, disability, or culture.
Certifying Agency	Certifying Agency is an authorized organization that issues business classification certifications for suppliers.
Constellation Point of Contact	Constellation Point of Contact is the designated individual from Constellation whom the Supplier can contact.
Legal Structure	Legal Structure is a recognized category of organization from a legal perspective that influences how the business will operate regarding taxation, recordkeeping. For example - 501C5 LABOR UNION, TAX EXEMPT CHARITY, etc. It is responsible for the company's compliance with the law.

# Key Terms (Contd.)

The key terms used in this course are listed below:

Key Term	Description
Notification	<p>Notifications are of two types for suppliers - Business Process Management (In-app) notification and Email notifications.</p> <p>Business Process Management notification enables business users to access and act on tasks assigned to them.</p> <p>Email notifications notify suppliers or business users of the important information or updates on action items through email.</p>
Remittance Advice	<p>Remittance Advice notifies the suppliers once the payments are processed and sends payment related information such as payment amount, payment date, invoice number, etc.</p>
Supplier Industry Code (SIC)	<p>SIC references a service agreement for non-residential service. This code is used to categorize service agreements for reporting purposes.</p>
Supplier Type	<p>Supplier Type is an attribute to categorize the suppliers. In Constellation, we have categorized suppliers into three types – Supply, Voucher and Voucher Exempt.</p>

# Key Terms (Contd.)

The key terms used in this course are listed below:

Key Term	Description
Supplier Portal	Supplier Portal is the next generation application which provides a self-service solution bringing a holistic approach to supplier management. The Supplier Portal enables suppliers to view and manage their own company profile, view Purchase Orders (POs), invoices, payments, view and update expiring business classifications, and respond to supplier questionnaires.
TIN	TIN is an acronym for Taxpayer Identification Number. It is an identification number used by the Internal Revenue Service (IRS) in the administration of tax laws. It is issued either by the Social Security Administration (SSA) or by the IRS. A TIN must be furnished on returns, statements, and other tax related documents.
Tax Registration Number	Tax Registration Number is a unique identifier for a supplier’s tax information in a specific country.
Virtual Credit Card (VCC) Payment Method	VCC payment method is a way to pay for products and services online using a virtual credit card.

# Key Terms (Contd.)

The key terms used in this course are listed below:

Key Term	Description
W8	W8 is an IRS form that allows certain individuals and corporations outside the U.S. to claim an exemption from withholding taxes from income earned or derived in the U.S.
W9	W9 is an official form furnished by the IRS for employers or other entities to verify the name, address, and tax identification number of an individual receiving income.

# Ways of Working with Constellation

The key points to keep in mind while working with Constellation and the Supplier Portal are:

- New suppliers register via new Supplier Registration link on Constellation webpage that will feed into an Oracle page
- The supplier must input all necessary information and register themselves

Suppliers will reach out to Constellation points of contact for queries related to the supplier registration process and supplier profile updates.

- Submit additional information without creating a new request

# Types of Suppliers

The different types of suppliers that perform transactions with Constellation are Supply, Voucher and Voucher Exempt suppliers.

## Voucher Suppliers

Voucher suppliers register as payment-only suppliers. They do not require POs against the payments. Their payments can be done directly using invoices. Constellation typically uses this type of supplier to pay for speaker fees or make donations to political groups. Voucher Suppliers cannot charge sales taxes.

## Supply Suppliers

Supply suppliers will require Purchase Orders (PO) and Contracts to create invoices against the payments.

## Voucher Exempt Suppliers

Voucher Exempt suppliers register as payment-only suppliers. Payments to Voucher Exempt suppliers are deemed exempted from filling in the Vendor Affiliation with Public Officials Questionnaire (VAQ). Constellation typically use this type of supplier to pay for taxes, insurance, and rent.

# Overview of Supplier Registration Process

Suppliers will get registered to Oracle Cloud with the help of the Supplier Registration form link present in the Constellation website for Procurement Portal (for Supply suppliers) and Payment-Only Supplier (for Voucher and Voucher Exempt suppliers).

Let's look at the overview of the supplier registration process below.

 **Note:** If you select the Supplier Type as Voucher Exempt, the VAQ compliance questionnaire will not be presented to you.

# Supplier Registration Form

### Enable Secure Verification

Secure verification methods prove who you are. Two types of verification methods are passwordless and multi-factor authentication (MFA). Passwordless verification allows you to verify your identity without requiring you to remember a password. MFA is an extra security step to the authentication process. Your administrator might have set up one or both verification methods and require that you enroll in them before accessing your account.

Password + Proof = Secure Access

Click below to enable secure verification methods for your account.

**Enable Secure Verification**

[What is Secure Verification?](#)

1 Click the Enable Secure Verification button to setup the MFA.

3 Enter the verification code sent to your email.

5 Alternatively, you can select a new secure verification method from the available options to add it as a default method.

### Select Your Default Secure Verification Method

You have already set up one or more recovery methods. We will use these same methods for Secure Verification.

2 The default secure verification method shows up in the Select Your Default Secure Verification Method section. In this example, it is set up to Email.

4 Click the Verify Email Address button after entering the verification code.

# Supplier Portal Access

After completion of MFA Setup, you will be directed to My Apps screen.

Click the Supplier Portal tile to log in to Oracle dashboard.

1

Note: The name of the tile is for illustrative purposes and will reflect appropriately after Go-Live.

# Supplier Portal Access (Contd.)

Now, you will be able to view the Oracle Homepage.

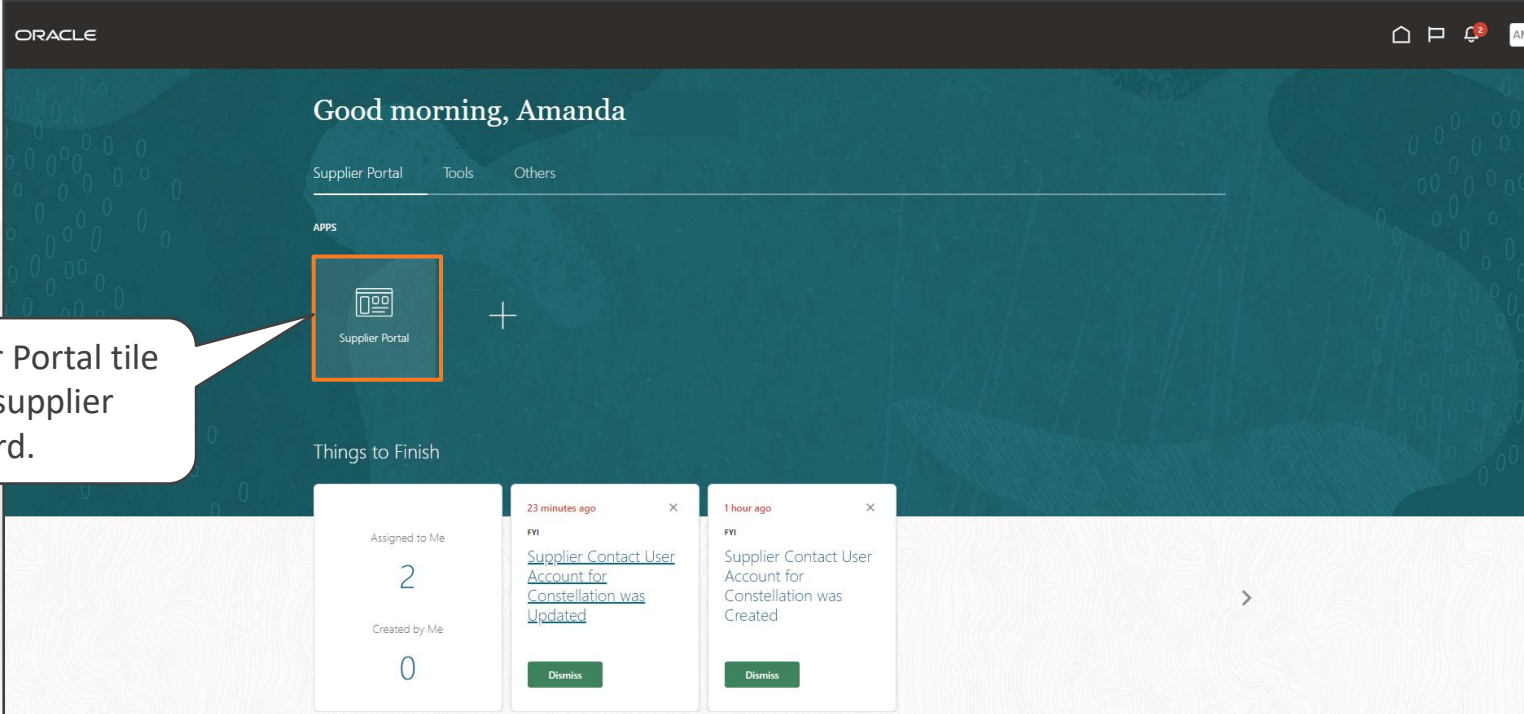

Note: At this stage, you will not be able to view and access the Supplier Portal.

# Supplier Portal Access (Contd.)

Once you have been promoted to transact with Constellation, you will be able to access the Supplier Portal in the Oracle dashboard.

The screenshot shows the Oracle dashboard interface. At the top, it says "ORACLE" and "Good morning, Amanda". Below that, there are navigation tabs for "Supplier Portal", "Tools", and "Others". Under the "APPS" section, the "Supplier Portal" tile is highlighted with an orange box. A callout bubble with the number "3" points to this tile, containing the text: "Click the Supplier Portal tile to access the supplier dashboard." Below the apps section, there is a "Things to Finish" section with two notification cards. The first card shows "Assigned to Me" with the number "2" and "Created by Me" with "0". The second card is a notification from "FYI" stating "Supplier Contact User Account for Constellation was Updated" with a "Dismiss" button. The third card is another "FYI" notification stating "Supplier Contact User Account for Constellation was Created" with a "Dismiss" button.

Note:

1. Once you have been promoted to transact with Constellation, you will receive an email and a bell notification mentioning the same.
2. Once you are provided the supplier portal access, you can add more contacts and provide them access to the supplier portal. The detailed steps for adding contacts is covered in the SUP13\_SP02\_Supplier Portal – Updating Your Company Profile Job Aid.

# Module Summary

Now that you have completed this module, you have learned to:

- Discuss the process of receiving supplier portal access

# Key Takeaways

Now that you have completed the Supplier Onboarding and Registration (for Suppliers) course, here are some key takeaways:

- 01 Supplier Registration process begins with filling up the Supplier Registration Form and submitting it for approval.
- 02 VAQ Compliance Questionnaire will not be presented to you if you have selected the Supplier Type as Voucher Exempt.
- 03 Save for Later email notification enables the suppliers to resume filling up of Supplier Registration form at a later point of time.
- 04 Suppliers submit the Supplier Registration form and request for approval to register themselves in Constellation.
- 05 Constellation may request for more information if they consider that more information is required or the provided information is incorrect for registration.
- 06 Suppliers will get access to Supplier Portal once they are promoted to transact with Constellation.
